

London Arena

London, England

Project Facts

Lighting System

- 128 ShowLight™ fixtures

Performance

- 1600 lux
- 0.7 min/avg uniformity

Key Issues

Programming Flexibility

- ShowLight™ system provides fixture and shutter control for theatrical effects during player introductions
- Instant off/on design allows maximum programming and operational flexibility

Quality of Light

- Achieves smooth, uniform light ideal for players
- ShowLight system minimizes glare from the ice and eliminates scoreboard washout
- Achieves light levels sufficient for international broadcast requirements

Custom Design

- Musco engineers designed and engineered special structures to enable fittings to be mounted on existing beams and catwalks
